# AFL QUEENSLAND NETWORKS

## Women in Footy Network

The QLD Women in Footy Network is an initiative grown into the core of the AFLQ Women and Girls Strategic Plan. Developed with the aim of empowering and enabling women to create and nurture the culture that they want to see for current and future Women and Girls within their footy clubs and the broader football community.

Key goals for the network are to:

- Provide women with a platform to create valuable contacts within the footy community which can support them to step into decision making committee roles.
- Empower women to feel confident and safe entering into the coaching and umpiring spaces.
- Provide feedback and opinions on the current climate and culture of the game as it is being felt on the ground.

The network aims to create a supportive community where members can share experiences, strategies, and resources to foster the growth of the game.

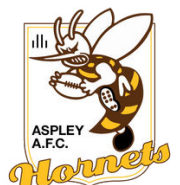

Who can join:

- *Coaches*: Male coaches at all levels who are committed to fostering a positive and inclusive environment for female players.
- *Administrators*: Male administrators who are working to create policies and programs that support the growth of women's and girls' football.
- *Advocates*: Men who are passionate about promoting gender equality in sports and are actively involved in initiatives that support women and girls in football.
